

City of Thunder Bay Solid Waste & Recycling Facility

5405 Mapleward Road

New entrance on Mapleward Road.

New Facility Opens Sept. 1, 2009

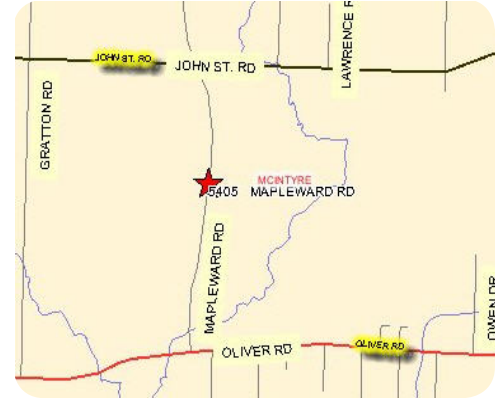

The new City of Thunder Bay Solid Waste & Recycling Facility will be open to the public Sept. 1. The new facility reflects our community's commitment to sustainable and progressive management of waste and recycling. Enhancements include improved traffic flow and new directional signage, a new administration centre, weigh scale kiosk and expanded recycling and household hazardous waste areas.

USING THE NEW FACILITY: IMPORTANT INFORMATION

GETTING THERE: The entrance is now located on Mapleward Road between Oliver Road and John Street Road. The old entrance on John Street Road will be closed.

ENTERING:

Once you enter through the main gate on Mapleward, traffic is split into two streams – private and registered commercial vehicles.

- Follow signs for Public Waste Disposal.
- If you have recyclable goods or Household Hazardous Waste, take the second right and travel through the Recycling and Household Hazardous Waste Depots before arriving at the Weigh Scale Kiosk. [This new traffic flow improves efficiency, reduces wait times, and encourages recycling and proper waste management.]

Recycling Depot

Weigh Scale Kiosk

- Proceed to the Weigh Scale Kiosk.
- Continue to the Public Waste Disposal area. [This area consists of huge, at-grade bins that separate metals, bulky items, soil/clean fill, clean wood and garbage. Vehicles including cars, vans and half ton trucks with trailers will move from bin to bin depositing waste into the appropriate area. Attendants will be on hand to provide advice. Customers will no longer have to travel up to the landfill face.]

Deposit items into designated bins in the Public Waste Disposal Area.

NEW

Scrap Tires: There will no longer be a surcharge for the disposal of scrap tires. A drop-off bin for tires will be located in the Public Waste Disposal area. Residents can also bring unwanted scrap tires to Pack Pros Plus, 1439 Rosslyn Road, free of charge.

OVER...

... CONTINUED

EXITING: After emptying your load(s) in the designated areas, exit the facility by weighing out in the exit lane and paying at the Weigh Scale Kiosk. [Fees remain the same at \$5 for any load weighing less than 150 kg and \$44.65 per tonne for non-hazardous waste weighing over 151 kg.]

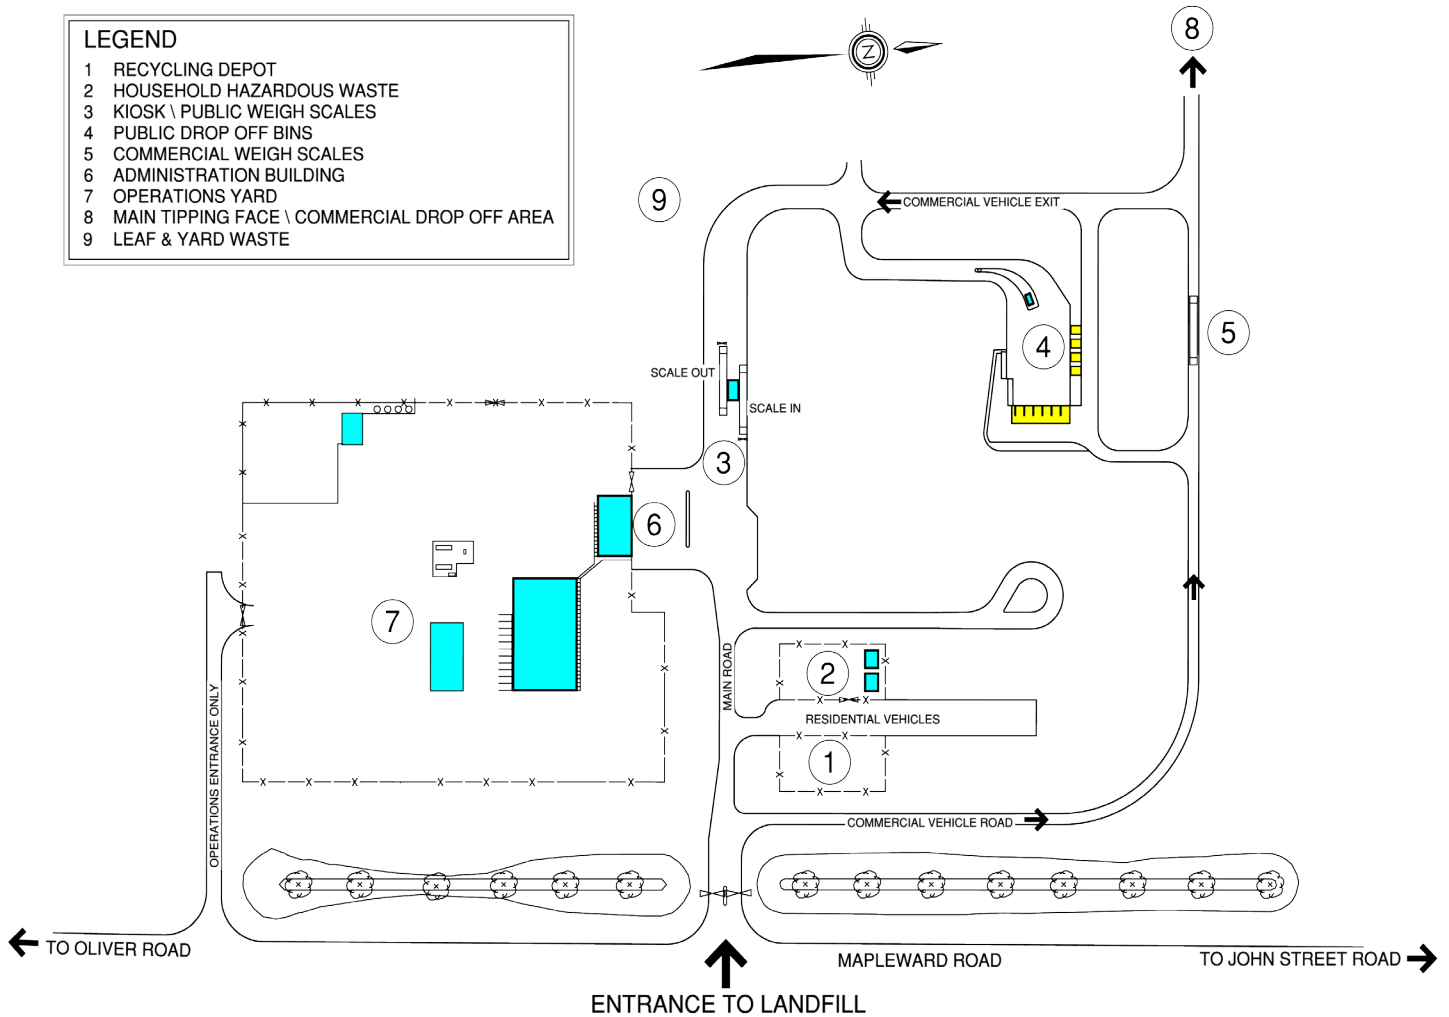

Hours of Operation:
 Mon - Fri 8 am - 6:30 pm
 Sat 8 am - 4:30 pm
 Sun - Closed

For more information, contact the
 City of Thunder Bay Transportation &
 Works Dispatch at 684-2195.

Pay on exit at the Weigh Scale Kiosk.
